SUPPORTING
VICTIMS OF CRIME

The TMPD makes every effort to provide effective and compassionate support to alleviate the burden and suffering of crime victims and their families through our services such as helplines and counseling.

As part of our goal to raise public awareness of the importance of victim support, the TMPD holds classes such as "The Importance of Life" for junior and senior high school students. With the cooperation of related companies, we also invite children who lost their parents in criminal cases or traffic accidents to sporting events and concerts.
